

American Municipal Services

Recovery done the right way!

AMS has been in the recovery business for over 14 years. The AMS state of the art corporate offices are located in Carrollton, Texas. We also have a sales office located in Peabody, Kansas. In addition to these offices we also have mail offices in Oklahoma, Arkansas and Illinois. AMS has grown to become a well respected Nationwide Recovery Services provider by offering our clients custom plans to meet their respective needs.

The management staff of AMS has worked with hundreds of clients and provides a combined total of over 100 years experience in recovery management and law. We were established specifically to specialize in the management and recovery of delinquent receivables. By this unique specialization we have set ourselves apart from the competition.

Our sensitivity to the needs of our clients and the continual pursuit of innovative methods of operation has resulted in the development of systems and procedures that has established AMS as a leader in the recovery industry.

We are committed to the highest possible customer service. In a study conducted by ACA, more than 70% of collections agencies are fired not because of bad results, but because of bad customer service. We encourage you to check our references. You will learn first-hand that we take care of our clients. There is no comparison to our system of collections, but what truly retains our client base is the fact that we take the time and make the effort to give each one "personalized service". This naturally lends an atmosphere of trust and outstanding relationships.

AMS always gives our clients:

- ☆ **Dedication to the highest in quality public relations**
- ☆ **Commitment to maintain and build upon your positive image**
- ☆ **Long-term relationships of trust and confidence**
- ☆ **Ability to meet your changing needs**
- ☆ **Quality controls and highly trained staff**
- ☆ **The most advanced technology for collections including our methods for skip-tracing**
- ☆ **Concentration and specialization in Courts, Government, Utilities, Emergency Medical Services, Property Taxes, Risk Management, Parking Tickets, School Loans and Commercial debt recovery**
