

Emergency Medical Services / Healthcare

Recovery done the right way!

For 14 plus years AMS has been providing the Emergency Medical Services (EMS) and Healthcare industry with unique collection services that include insurance payment disputes and insurance claim denials

Our staff of collectors can develop a customized program to ensure maximum return to you of all outstanding debts and increase your profits.

We will contact your clients via letters then personal phone calls and make every effort to work one on one to get all the monies owed.

Our clients will attest that utilizing AMS will mean receiving zero complaints. The help and support we provide to those we work with is valued as a top notch service. We understand what it takes to handle the needs of the EMS / Healthcare sector and we have developed a system that provides an effective rapid recovery of delinquent receivables.

Included in our EMS / Healthcare Collection services are the following:

We collect all of your outstanding receivables

We contact the offenders both in writing and by phone and make every best effort to connect to them every time

We use various skip-tracing mechanisms and services daily to increase our success in locating the past due account holders

Based on your requirements or on our standards, we can develop custom payment plans for the past due account holders to ensure full payment of the debt owed

We are HIPPA Compliant
